Image1 FinalPresentation

This program consists of SIT and HUST. The total number of students is 24 (12 students from both univ.), then created 6 teams. They implemnet a web application that supports people who works abroad. All students are 2nd year, therefore they don't have much experience team development, making this work hard. However, finally, they think and discuss why they have to do, then complete an application. Besides, they give an intermediate and final presentation in addition to listening talk from an active software engineer.
